HANGER REPRESENTS EIGHTH DISTRICT

On State Committee Which Has Full Charge of Reorganization of Democracy

Democrats everywhere are much pleased with the efforts at reorganization of the state leadership as so far made. A prominent Democrat has been named from each congressional district. The member for the Eighth Congressional district is Col. Harry B. Hanger, of Richmond. Associated with him are men of the same type, leaders in everything they undertake, and if they can not inject new life into the organization of the party, no one can. The Cincinnati Enquirer Sunday had the following concerning the appointment of this new executive committee and its personnel:

The reorganization of the Democratic party in the state is in actual process. The committee of five, headed by Judge Charles A. Hardin, Chairman of the State Central and Executive Committees, which was delegated to select 11 men as representative of the more influential groups of Democrats, has already announced a number of names. Eleven prominent Democrats, one for each congressional district, and three from the state at large will be asked to serve. They are: First District, James Utterback, Paducah; Second, Henry Parrett, Henderson; Third, Clarence McElroy, Bowling Green; Fourth, Harry Sommers, Elizabethtown; Fifth, Marion E. Taylor, Louisville; Sixth, R. C. Stewart, Covington; Seventh, Johnson N. Camden, Versailles; Eighth, Harry Hanger, Richmond; Ninth, J. W. M. Stewart, Ashland; Tenth, John M. Buckingham, Paintsville; Eleventh, Joseph H. Gibson, Somerset; state at large, P. H. Callahan, James B. Brown, and J. D. Stewart, all of Louisville.

Utterback is a prominent banker, Barrett is engaged in the insurance business, McElroy was offered a place on the Board of Control by Governor Morrow which he declined for business reasons, Sommers is editor of the Elizabethtown News and recognized as one of the progressive Democrats of the state. Taylor owns two of the largest office buildings in Louisville, R. C. Stewart is President of the Covington Water Company and Senator Camden should be known to every Republican and Democrat alike. Hanger is a member of the firm of Mason & Hanger, which built some of the largest cantonments in the country, including Camp Zachary Taylor in Louisville; Gibson is a banker from Governor Morrow's home town, Callahan is President of the Louisville Varnish Company, J. D. Stewart and J. B. Brown are Louisville bankers, Buckingham was the colleague of the late J. C. C. Mayo and is a prominent capitalist, J. W. M. Stewart is one of the leading attorneys of Eastern Kentucky.

Referring to these selections, all of whom have not had time as yet to indicate their acceptance of positions on the committee which is to reorganize the Democratic party in Kentucky, a Democratic leader said:

"We are picking men of a caliber that is unmistakable, and will show the people of the state on what plane the reorganization of the party will be established. Each of these men stands high in his own district, and has the full confidence of all Democrats in his community. Their personalities will be convincing proof that the Democratic party will be manned by business men instead of professional politicians."

The power of the State Central and Executive Committees will be transferred to the committee. They will have entire charge of financing the party and directing its policies in the state.

Many politicians believe that the members of the committee will constitute the future State Central and Executive Committees. These governing committees will be named at the Democratic State Convention to be held this spring. The mantle of the present State Central and Executive Committees probably will be transferred bodily to that of the committee being chosen by Chairman Hardin and his five associates. This phase of reorganization, it is believed, will put the helm of the party ship into

the hands of the strongest personnel possible.

BIG DEMAND FOR MULES HERE MONDAY

Mules were greatly in demand here Monday. Buyers were on hand from all over the state, and top prices were asked and paid where the hybrids had the class desired. Among the out of town buyers noticed were Monte Fox, of Danville, R. L. Hubble, of Lincoln, T. D. Rankin, of Garrard, and many others. They say that prospects for big tobacco crops this coming season, make a big demand for good work mules, and the right kind are going to sell higher than in a long time.

Vernon Leer sold a horse mule to A. D. McCord Monday for \$175.

Wills Rogers who recently bought the Royce farm, near Boonesboro, sold a nice pair of mules here Monday to an out of town buyer for \$750, and in a few moments they were sold again for \$800. Mr. Rogers bought these mules last year in Lincoln county for about \$500.

Messrs. Buckley and Slattery, who bought the Gay farm, bought two teams of mules, paying \$525 for one pair and \$650 for the other.

ARE HIP POCKETS UNDER DRY BAN?

(By Associated Press)

Chicago, Feb. 2.—Federal court will be asked to decide whether the trousers of Charles Thomas, a Chicago bank president, are a "vehicle" and if so whether they should be confiscated by the government and sold at auction. Thomas was arrested in a cabaret where he produced a bottle of liquor from his pocket and concocted high balls for himself and three companions. Federal prohibition agents who made the arrest, maintain the use of his pocket to carry liquor makes Thomas' trousers vehicles within the meaning of the law and that the garment is subject to seizure and sale. A decision in the case will affect carriers of hip pocket flasks throughout the country.

COL. ROOSEVELT'S LONGEST LETTER

Telling Of Trip From Khartoum To London, Appears In Magazine Out Today

(By Associated Press)

New York, Feb. 2.—Colonel Roosevelt's "longest letter," a 25,000-word personal account of his trip from Khartoum to London in 1909 and which is described by his biographer, Joseph Bucklin Bishop, as "a human document of exceptional character," appears as the first of two installments in the February issue of Scribner's Magazine, published today.

"Soon after retiring from the Presidency," explains Mr. Bishop, "the Colonel went to Africa on a hunting trip. He had arranged before his departure for several formal addresses, which he was to make in Germany, England, France and Norway on his return. When he reached Khartoum in March, 1910, on his way home, he yielded to urgent appeals and made two addresses on Egyptian affairs, one at Khartoum and the other at Cairo, which aroused much controversy and led later to a speech on the same subject, also by urgent request, at the Guildhall in London."

"From Khartoum he went to Rome, Vienna, Budapest, Paris, Brussels, The Hague, Copenhagen, Christiania, Stockholm, Berlin and thence to London. At the close of his tour he paid a long visit to his long-time correspondent and friend, Sir George Otto Trevelyan, at the latter's estate at Wellesbourne, Stratford-on-Avon. During the visit his narrative of his experiences in Egypt and Europe so strongly impressed Sir George that he urged him most earnestly to put it in writing. This Roosevelt did the following year, in the form of letter to Trevelyan, under date of October 1, 1911."

The former President, in the missive, made "frank and searching comments upon the characteristic and personalities of kings, emperors and other eminent personages; requested that it should not be made public 'until, long after all of us who are now alive are dead.' Trevelyan, in authorizing its publication, said: 'I do not hesitate to say that it should be published and the sooner the better. The world would be much the richer for it. The times are such that the human interest and solid value of this wonderful paper would be very great indeed now.'"

The Colonel drew an intimate picture of British rule in Egypt, praised it on the whole and declared that the task of "super-imposing the twentieth century upon the seventh, was a mighty one, which only a great and powerful nation could attempt and which it is high and honorable thing to have attempted." Nearly 3,000 words are devoted to "The Vatican Incident" and the reason Roosevelt was not presented to Pope Pius X. A certain Methodist clergyman in Rome had been conducting an attack upon the head of the Catholic church and when Vice President Fairbanks, sometime before, visited the Holy City the Supreme Pontiff stipulated that he would not receive him in audience if he addressed Methodist gatherings.

Roosevelt took the same attitude as Fairbanks, that he "must decline to submit to any conditions which in any way limit my freedom of conduct." The Colonel said in his letter to Sir George that one of his volunteer secretaries at that time was "anxious to prevent the Vatican from committing what he felt would be a great blunder" and while the Colonel was at Naples went to Rome to see the Papal Secretary of State, Cardinal Merry del Val. The stipulation by the Pope was not withdrawn and Colonel Roosevelt adhered to his resolution of making no agreement to refrain from speaking before Methodist meetings. "Accordingly," he wrote, "I was not presented at the Vatican."

In a public statement at the time, the Colonel declared that "the respect and regard of those of fellow-Americans who are Protestants," and he expressed the hope that the incident would be treated as a merely personal matter without rancor or bitterness. While in Rome the Colonel visited King Victor Emmanuel and Queen Helena of Italy whom he describes as "faithful, conscientious and wise" as well as a lovely couple. Later he saw in Vienna the aged Franz Josef, Emperor of Austria, who said he was "the last representative of the old system, whereas I embodied the new movement."

"I shall always bear testimony to the good manners, and the obvious sense of responsibility and duty, of the various sovereigns," the Colonel wrote. "I thoroughly liked and respected almost all the various kings and queens I met; they struck me as serious people, with charming manners, devoted to their people and anxious to justify their own positions by the way they did their duty."

FORMER MADISON MAN DIES IN MISSOURI

The following clipping from the Bates county Democrat, Missouri, will be read with regret by his kinsman and friends.

Word has been received here that John B. Harris, a former resident of this county, had passed away at his home near Walters, Oklahoma, January 12, 1920. He had been sick for some time, and his relatives and many friends were not much surprised when the news came that he was no more. John B. was the youngest son of the late Kit Harris, a highly respected citizen of Butler, who passed away several years ago.

John B. Harris was born in Madison county, Kentucky, February 11, 1861, and came to Missouri with his parents in 1879. November 7, 1888 he was married to Ella Clark of Sedalia, and to this union were born three children, Francisco, Clark and Caroline. In 1902 the family moved to Oklahoma, and have resided there since. The faithful wife and children and a brother, Overton Harris of Lawton, and a sister, Malvey Clardy of Liberty, Missouri, were with the deceased at the time of his death. Besides his immediate family and brother and sister named, he leaves a brother, Ravonna, of Richmond, Kentucky, and two sisters, Mrs. T. K. Lisle and Mrs. J. G. Clark, of Butler.

The funeral was held at the family residence and the remains laid to rest at Grandfield. The many friends here extend their deepest sympathy to the bereaved ones in their great sorrow.

EX-MADISON GIRL DIES IN JESSAMINE

Many relatives and friends of this county will regret the death of Mrs. Elizabeth Shearer, wife of J. W. Shearer, who died January 28, aged 22 years, at their home near Nicholasville. She was a loving wife and mother, and a most excellent neighbor. She was a daughter of Mr. and Mrs. R. C. Mulligan, of this county. The larger still was found in the basement of a man's home, but he has not yet been located. The other one was located in a dense woods and the authorities have not been able to trace the owner. No arrests were made on the raid.

BIG RAW FUR SALE ON AT ST. LOUIS TODAY

(By Associated Press)

St. Louis, Mo., Feb. 2.—Approximately 15,000,000 pelts valued at more than \$25,000,000, were placed on sale here today at the opening of the winter auction of the International Fur Exchange. Buyers predicted the sale would be the largest in the history of the trade.

More than 400 buyers and shippers from all parts of the earth are in attendance, and furs from virtually every nation are on sale. Among the buyers are 23 from Germany, and by special government dispensation, quantities of German mole and fox skins were permitted to be imported for the sale.

The most expensive lot to be offered is one consisting of 7,000 Russian sables, said to be the most expensive type of fur existent. This particular type is especially scarce because the Bolshevik uprisings have curtailed its shipments, according to Philip B. Fouke, president of the exchange.

Silver fox pelts also are expected to be high and 1,500 of them will bring \$500,000, it was predicted.

The smallest lot on the program is a sea otter, a type said to be gradually becoming extinct, and its price, it was presaged, will approximate \$10,000.

The largest number of skins of one kind to be offered is 7,000,000 rabbit. They will sell for about \$1,000,000, it was said, and will be used principally in the manufacture of hats.

Nine thousands government seal skins from the Pryloff Islands will be up for sale, and buyers expressed the belief they also would bring \$1,000,000.

Other large lots to be disposed of include various grades of squirrel, fox, marten, and mink. There also is a large shipment of Chinese dog mats, said to be used chiefly in making stockmen's coats.

GOT TWO STILL IN HARLAN

Two illicit distilleries in Harlan county were raided by Rowan Saufley and C. I. Winfrey, federal prohibition officers last week. One of the stills had a capacity of sixty-five gallons. The owners escaped. The larger still was found in the basement of a man's home, but he has not yet been located. The other one was located in a dense woods and the authorities have not been able to trace the owner. No arrests were made on the raid.

DR. TELFORD TO HEAD NEAR EAST DRIVE

Madison Urged To Help Save Starving Armenians And Other Victims Of Turks

Dr. R. L. Telford has been appointed chairman of Madison county for the Near East Relief Drive, which will be launched Feb. 5th. The Rev. E. L. Powell is the state chairman and Major John H. Leathers, treasurer. Dr. Telford has responded to the pathetic slogan, "Hunger knows no Armistice" and the generous people of Madison should stand solid behind him.

Herbert Hoover says, in the Near East is the most desperate situation in the world, and earnestly urges the American people to rally to their relief. It is true the people have been through many drives (and yet, are you any poorer for it?) but even of your purse is not as large as your heart, make a sacrifice in the name of humanity and civilization without your help, thousands upon thousands of innocent children will die of starvation; all they ask is "just bread and a chance." A million little emaciated hands are stretching out to you for help; can you ignore their appeal? They are looking to this great land of plenty for their preservation and American must not deny this succor to fellow Christians.

VERY SUCCESSFUL REVIVAL CLOSES

Thirty Additions. 16 Sanctifications and Much Consecration Seen In Churches of City

One of the most successful revival meetings held in Richmond in some time, was concluded by Dr. H. C. Morrison, president of Asbury College, at the Methodist church here Sunday evening. Splendid results were achieved, say officers of the church, and in addition to the conversions there was a great spiritual awakening among the membership. The new members will be received into the local congregation next Sunday. So far about 30 have been indicated, the pastor, Dr. M. T. Chandler, said Monday, with 16 sanctifications. Other denominations have also received new applications for membership as a result of this splendid work in the Master's vineyard. Dr. Morrison returned to his home at Wilmore Monday morning, with the heartiest blessings and good wishes of all following him.

FLEECE ROBINSON SUCCEEDS BRIGHT

News received from Stanford says directors of Lincoln County National Bank have elected J. Fleece Robinson, of Lancaster, as cashier of the bank to fill the vacancy caused by the death of William M. Bright. Mr. Robinson is a brother-in-law of J. B. Paxon, vice president of the bank, and is one of the best known business men and farmers of that section. He has had wide banking experience having been connected with the old National Bank of Lancaster. He has many friends in Richmond. The selection is regarded as exceptionally fortunate, regarded as an exceptionally fortunate one in every way, and friends of both the bank and Mr. Robinson are congratulating both over the connection thus formed.

HARRODSBURG BANK PRESIDENT DEAD

News has been received by friends here that Rufus Van Arsdall, president of the First National Bank of Harrodsburg, died Saturday night of pneumonia at his home near that city. He was 62 years of age and is survived by his wife and one son. His farm of 275 acres on the Shakerstown place was considered the best-improved place in Mercer county.

DEFIES THREATS OF ASSASSINATION

Judge Harry Robinson Delivers Vigorous Charge To Grand Jury Against Gambling

(By Associated Press)

Louisville, Feb. 2.—Judge Harry Robinson, charging the February grand jury today relative to gambling in this city, intimated that even the hand of the assassin might be used to prevent an investigation of conditions which "if true," he said, "would make the degeneracy of Sodom and Gomorrah pale into insignificance."

"I am not deaf to rumors," he continued, "and that threats that encompass all of us concerned in the righteous administration of our laws, nor am I unmindful of the malign influences that may be exercised against us, even to the hand of the dastardly assassin, but I desire to impress upon you and all concerned, that I stand here ready and anxious to do my full duty and to encourage you to the fullest extent in the performance of yours."

He again intimated a "monumental sum" must have been acquired to protect those connected with gambling. The court asserted he "had nothing but pity and contempt for the petty officials, who, like Judas Iscariot, received blood money for the betrayal of their trust."

TREATY IN OPEN SENATE NEXT WEEK

(By Associated Press)

Washington, Feb. 2.—Renewal of the Senate debate on the peace treaty next week is regarded as virtually assured today when republican leaders decided to join the democrats in a movement to bring the treaty back into the open Senate.

Lodge gave notice he would ask unanimous consent to proceed with "consideration of the treaty with reservations." This notice countered a democratic move to take the treaty up and he fixed it for Monday or a day earlier than the time the democrats had decided upon. The development is regarded as assuring another long period of discussion.

DEMANDS LOWER PRICES FOR CLOTHING

(By Associated Press)

Washington, Feb. 2.—Insistence that all interests producing men's clothing must have profits by agreement in order to force down prices is understood to have been marked behind closed doors here today between Department of Justice officials and representatives of all elements of the industry. A tentative program drafted by the department was said to have been laid before the meeting.

GRIFFITH SENT BARTHELM

MESS TO CHINA

The one important thing in casting the part of the Chinese poet, Chang Huan, in "Broken Blossoms," which is soon coming to the local theatres, Wednesday and Thursday was to secure a player whose facial expression would emphasize as fully as possible that line of Thomas Burke's in "Limehouse Nights," his love was a pure and holy thing. Even his worst enemies admitted that. It just chanced that, looking around for the right player, Mr. Griffith heard that Richard Barthelmess was, for the time being, at liberty to accept the difficult engagement.

A college man, educated at Trinity college, educated at Trinity College, Hartford, he had already worked for Mr. Griffith, who knew well of his ability. Mr. Barthelmess began his career as an actor for the screen in "War Brides" and "The Eternal Sin." The qualities of simplicity and naturalness which he had displayed in other films suggested him as the ideal actor for the part of Chang Huan and, in order that Mr. Barthelmess might get thoroughly into the atmosphere of the part, Mr. Griffith sent him from San Francisco to Shanghai, where he steeped himself in the color and beauty of the Orient.

Fifteen were killed outright and many injured in North Ontario when a second section crashed into a sleep-er.

a strong organization, and even
printed their own newspaper.
Then came the throwing of a
bomb that killed several police-

sentenced to death on the ground
that their hanging would invoke
still greater outbreaks. But he
refused, and the hangings took
place. There was no further
outbreaks, and anarchy made no
headway after that. Threats did

Frank W. Rice, Chairman, and four
others, walked out of a meeting of
the Jessamine county Republican
Committee Saturday which Rice had called
for the purpose of deciding whether
the election of a new committee would
be conducted February 28, when the
delegates to the State Convention are
to be named, or deferred to a later
date. The walkout was occasioned by
L. D. Shearer's motion to declare
vacant the seat of Thomas Woods,
of High Bridge, for non-attendance
and lack of interest.After the walkout, the remaining
members continued the meeting. Louis
M. Cook resigned as Secretary and
was made Chairman; John A. Baker
being elected Secretary. William H.
Wood was elected to succeed Thomas
Woods. It was decided that a new
committee will be elected February
28. The significance of the preced-
ing is said to be that County Judge
W. B. Buford has lost control of the
committee and that there will be a
hot fight for it on February 28.

Here, There, Everywhere
Two ladies were assaulted by negroes on the streets of Louisville and were saved by their screams drawing white men to their rescue.

United States Attorney Gregory will have several well known Louisville merchants arrested this week on the charge of profiteering.

The fellow who originated that saying about "the flowing bowl" evidently wasn't referring to a sugar bowl.

That Missouri hen said to have been insured by her owner for \$5,000 certainly is entitled to cackle.

Some fellows find it difficult to avoid the appearance of evil if there is a mirror in the house.

The loss in Kentucky last week by the fleet is estimated at \$1,000,000.

"ONLY ONE THING
BREAKS MY COLD!"

"That's Dr. King's New Discovery for fifty years a cold-breaker"

NOTHING but sustained quality and unflinching effectiveness can arouse such enthusiasm. Nothing but sure relief from stubborn old colds and onrushing new ones, grippe, throat-tearing coughs, and croup could have made Dr. King's New Discovery the nationally popular and standard remedy it is today. Fifty years old and always reliable. Good for the whole family. A bottle in the medicine cabinet means a short-lived cold or cough. 60c. and \$1.20. All druggists.

Stubborn Bowels Tamed

Positive in action, yet natural, comfortable, pleasant, Dr. King's New Life Pills are a boon to bowels that need assistance. They eliminate fermenting waste and put the system in normal shape. All druggists—25c. a bottle.

HEAVIER EGG PRODUCTION

On account of better weather conditions, especially in the South and Southwest, the production of eggs is heavier and prices for that reason have declined sharply last week. Prospects indicate basis, consumption will naturally become heavier.

General opinion seems to be that producers are holding the average number of hens for producing purposes and we should, therefore, see heavy production of eggs from now on.

Market for butter have fluctuated considerably and decline has been due mostly to the fact that fair quantities of butter are coming into country from Europe and South America, but as values work down, the demand is becoming heavier and values should not show much change until the heavy producing season.

There has been a better general movement of poultry the past week, due to better weather conditions and the prices now being offered to producers for their stock. However, there is not enough dressed poultry being shipped to markets and most of the large cities are now turning to frozen stock.

Good, better and best, is the way the saying runs. When you speak of coffee, it is good, better and Rookwood. Buy your Rookwood today from D. B. McKinney & Co. 191f

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 10c and 25c.

LALLEY LIGHT and POWER

Lalley-Light is a complete unit—engine and generator—with 16-cell storage battery. It supplies ample electricity for lights, water pump, washing machine, tractor, cream separator, fanning mill, iron, etc.

Lalley Light Dependability

The reason that Lalley-Light is so sure and reliable is because it is so simple.

Lalley Light gives you two sources of power—an exclusive Lalley feature.

You can get current from the storage battery alone, without running the machine.

Or you can get current from the machine direct, independent of the battery.

Or you can use the battery and the generator together.

Thus you have a double check on Lalley light dependability to produce bright, steady light and ample power at all times.

We should like to show you its varied uses and its low cost, proven by ten years of practical farm duty.

Stop in and see it in operation or let us demonstrate it in your home. No better time than the present to do this.

Would You Lose If Your Property Burned Today?

The destruction of that \$5,000 home you built a few years ago would lose to you the original cost, plus another \$5,000. For it costs \$10,000 now to build the \$5,000 home of 1914. Likewise the loss of today of the business property that cost \$50,000 before Germany went mad, would be \$100,000—probably \$100,000 would not replace it.

A RISING Sinking FUND

Any fund that's being saved to pay a debt is called a sinking fund. And many such funds seem very slow indeed in mounting as high as the debt which they are to pay off.

But a Certificate of Deposit will help a sinking fund to rise. Every additional sum that's saved may earn a fraction of itself to contribute to the necessary total. A splendidly safe, practical way to work off a debt.

HEARD ABOUT TOWN

Mrs. Chester Barrow 25 years old, daughter of Howard R. Watts, died at Winchester of pneumonia.

Miss Julia Johnson was married to Eddie Weitzel, State pure food inspector at Frankfort last week. Mr. Weitzel is one of the proprietors of the Capital Hotel.

A case of whisky alleged to have been lost in truck transportation of a consignment to Cincinnati, was found by two school boys at Richmond, and held at the home of Joseph Beckett near Cynthia until the sheriff could send for it.

The Stanhope Wiedmann farm, in Bourbon county, which sold last week to Messrs. Cleveland and Talbot, of Lexington, for \$425 per acre, was again sold Friday to D. G. Taylor, of Bourbon county, for \$75,000, or about \$500 per acre.

N. S. Bayless and William Frazier, of Lawrenceburg, lost their way in a fog and drove their car up the Southern railway-track at the Harrodsburg pike crossing near Danville. Scarcely had they realized the mistake when a freight train demolished it.

John H. Mueller, Louisville deaf-mute printer, accused of the murder of Rebecca Lovell in Shawnee Park, was dismissed by Judge Furgey. There was a great clapping of hands by Mueller's deaf-mute friends, who seemed to catch the decision the moment it was announced.

At Hazard Perry county, M. C. Combs, C. C. Noble and John Gibson were arrested and five gallons of whisky seized. Judge Eversole summoned a special grand jury, which indicted them, and then a trial jury, which assessed fines and prison sentences, a record for speed being set.

Rev. I. J. Spencer, D. D., LL. D., of Lexington, recently celebrated his 25th year as pastor of Central Christian Church at Lexington. The son of Quaker parents, Dr. Spencer graduated from Bethany, the West Virginia Church, and since his graduation has been a minister of that church.

General George Washington was one of the prominent Americans who gave to the first endowment of Transylvania College. It is recorded, too, that General Lafayette made it a gift when he visited America in 1825; John Adams, second president; Aaron Burr, who came within a few votes of the presidency of the United States himself, and John Jacob Astor.

The Civil Service Commission at Washington announces that the open competitive examination to be held in Kentucky February 14 for an appointment by Senator Beckham to the United States Naval Academy will be held at Newport, Louisville and Harrodsburg. BABY NAMED LYDIA E.

Because Her Mother Was Made Well by Lydia E. Pinkham's Vegetable Compound.

Brooklyn, N. Y.—"I could not write all my thanks for your blessed medicine, Lydia E. Pinkham's Vegetable Compound. I was in a very bad condition and had lost two babies. One of my good friends told me about Lydia E. Pinkham's Vegetable Compound and after I had taken eight or ten bottles I felt like a different woman. I kept on taking it until my baby girl was born last month and we have had her christened Lydia Elizabeth. I wish you to publish my letter to benefit other women who are suffering as I was."—Mrs. KATHERINE KURZACKER, 1088 Manhattan Avenue, Brooklyn, N. Y.

Women who suffer from any feminine ailment should not lose hope until they have tried Lydia E. Pinkham's Vegetable Compound.

The many convincing testimonials constantly published in the newspapers ought to be proof enough for women who suffer from those distressing ills peculiar to their sex that Lydia E. Pinkham's Vegetable Compound is the medicine they need.

UNFORTUNATE ACCIDENT

Mr. Thomas Prather, of Laurel street met with a very painful injury last Wednesday, while hanging tobacco, he fell breaking his arm at the elbow. An X-ray picture was taken by Dr. Hume, which showed a double fracture. He has been suffering greatly since, but is reported as resting comfortably today. He will however be confined to his room for several days. Mr. Prather's friends are quite sorry to hear of his misfortune.

Although the crop in general grown the Kentucky section was larger than for the three preceding years, barley production in 1919 was only 262,920,000 pounds as compared with 312,000,000 in 1918. The yield of barley
